Obituary

Edny Merveille was born in Miragoane, Petite Rivière de Nippes, on June 21, 1956 to Agnes Brice and Edgard Merveille. He started his primary studies at the Siloe school in Carrefour dent. He was then sent to Port-au-Prince to finish them off with the Sacred Heart Friars and Le Normalien School. After completing them, he went to the Boucher's institution for his secondary education.

In the Summer of 1980, Edny left his homeland, Haiti, for the United States of America. He started working immediately to meet his personal needs and also to be able to help his parents and his siblings who were still in Haiti, as best he could.

After a few years, he made the decision to continue his education. He completed high school and went on to earn a Bachelor degree in Psychology from Marymount College in Tarrytown, New York. Afterwards, he obtained his Master in Counseling at Pace University.

Despite his college degrees, Edny never stopped working two jobs. He worked at the Hilton Hotel and The Guidance Center of Westchester, in New Rochelle, as a Senior addiction counselor until his death on December 6th, 2020.

Edny was single and had no children. But why was he so laborious? He inherited this quality from his parents and he always wanted to be ready to meet the needs of the family; whether it was his parents, his brothers, his sisters, his nephews, his nieces and even the people of the village where he was born.

Edny was always jovial, very friendly and smiling. This has earned him several nicknames over time; such as "bonjan", "laughing", "man of the people", to name just these three.
